

**Hilton Head Christian Academy
Fine Arts / Athletics Agreement**

By participating in school athletics and a fine arts production in the same season, there are inevitably conflicts between the two areas, as they both require significant time invested after school. If students choose to do both activities, they must choose a preference, so that the coach, athletic director and fine arts faculty are clear about a student's intentions.

Once students choose whether to emphasize a fine arts production or athletics, please note that this may affect playing time or casting accordingly to be fair to all parties involved.

An effort will be made to avoid conflicts for major events, however if there is a conflict between practices, game or major rehearsal, use the following chart to determine which event that you are expected to attend.

	Fine Arts	Athletics
Tier 1	Practice	Practice
Tier 2	Large Group Rehearsal	Out of Region Game
Tier 3	Tech Week	SCISA / In-Region Game / Tournament
Tier 4	Performance	Regional Playoff or State Championship

If the items in conflict are on the same tier, choose your emphasized area. If one of the items in conflict are on a higher tier, choose the higher tiered event.

All parties involved will be clear about a student's commitments and hold them to keep those commitments. Please remember that any school commitment, whether fine arts or athletics related must come before an out-of-school commitment. By signing this agreement, you are helping us to clear up any potential conflicts and help you have a stress-free season!

Please acquire all signatures below and return to the Fine Arts Director.

=====

Students: Please choose what area you would to emphasize this season:

_____ Fine Arts Production

_____ Athletics

Student Signature: _____

Date: _____

Parent Signature: _____

Date: _____
